

Children Entering Custody Who Received An Initial Health Screening Within 72 Hours After Placement

12-Month Periods Ending 6/30/13 and 6/30/14*
 [Prepared by the Office of the Court Monitor Based on DFCS Data, MACWIS SLS315]

MSA requires by the end of Period 3, 50% of children entering custody receive a health screening evaluation as recommended by the American Academy of Pediatrics from a qualified medical practitioner within 72 hours after placement. By the end of Period 4, 70% of children shall receive an initial health screening within 72 hours of placement.

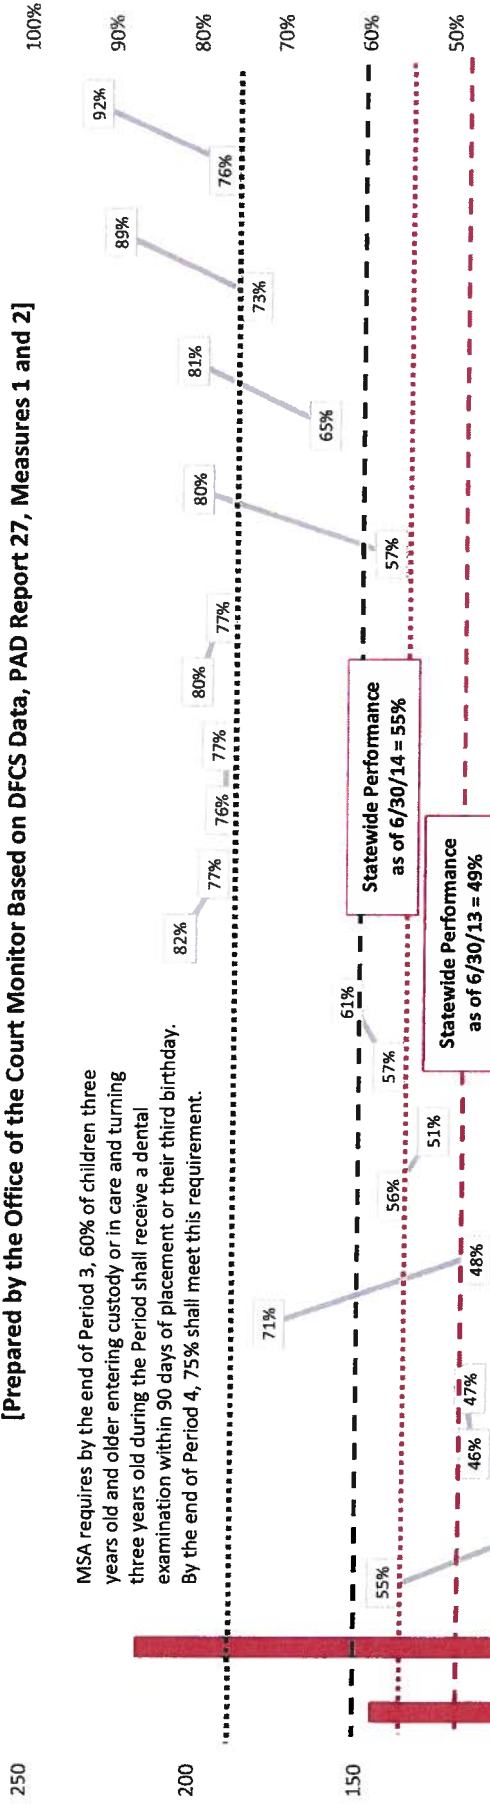

*Relevant to MSA II.B.3.a., page 21, II.B.3.i.1., page 22, and II.B.3.j.1., page 23. Neither SLS315 nor this chart reflect performance related to full requirement.

Children Three Years Old And Older Who Received A Dental Examination Within 90 Calendar Days of Placement And Children Who Turned Three While In Custody And Received A Dental Examination Within 90 Calendar Days Of Their Third Birthday, By Region

[Prepared by the Office of the Court Monitor Based on DFCS Data, PAD Report 27, Measures 1 and 2]

MSA requires by the end of Period 3, 60% of children three years old and older entering custody or in care and turning three years old during the Period shall receive a dental examination within 90 days of placement or their third birthday. By the end of Period 4, 75% shall meet this requirement.

Based upon identified gaps in the data, the parties and the Court Monitor have agreed upon revisions to data collection which were implemented in October 2014.

The data in this chart are based on PAD reports. A child must be in custody for a minimum of six months to have a PAD report completed.

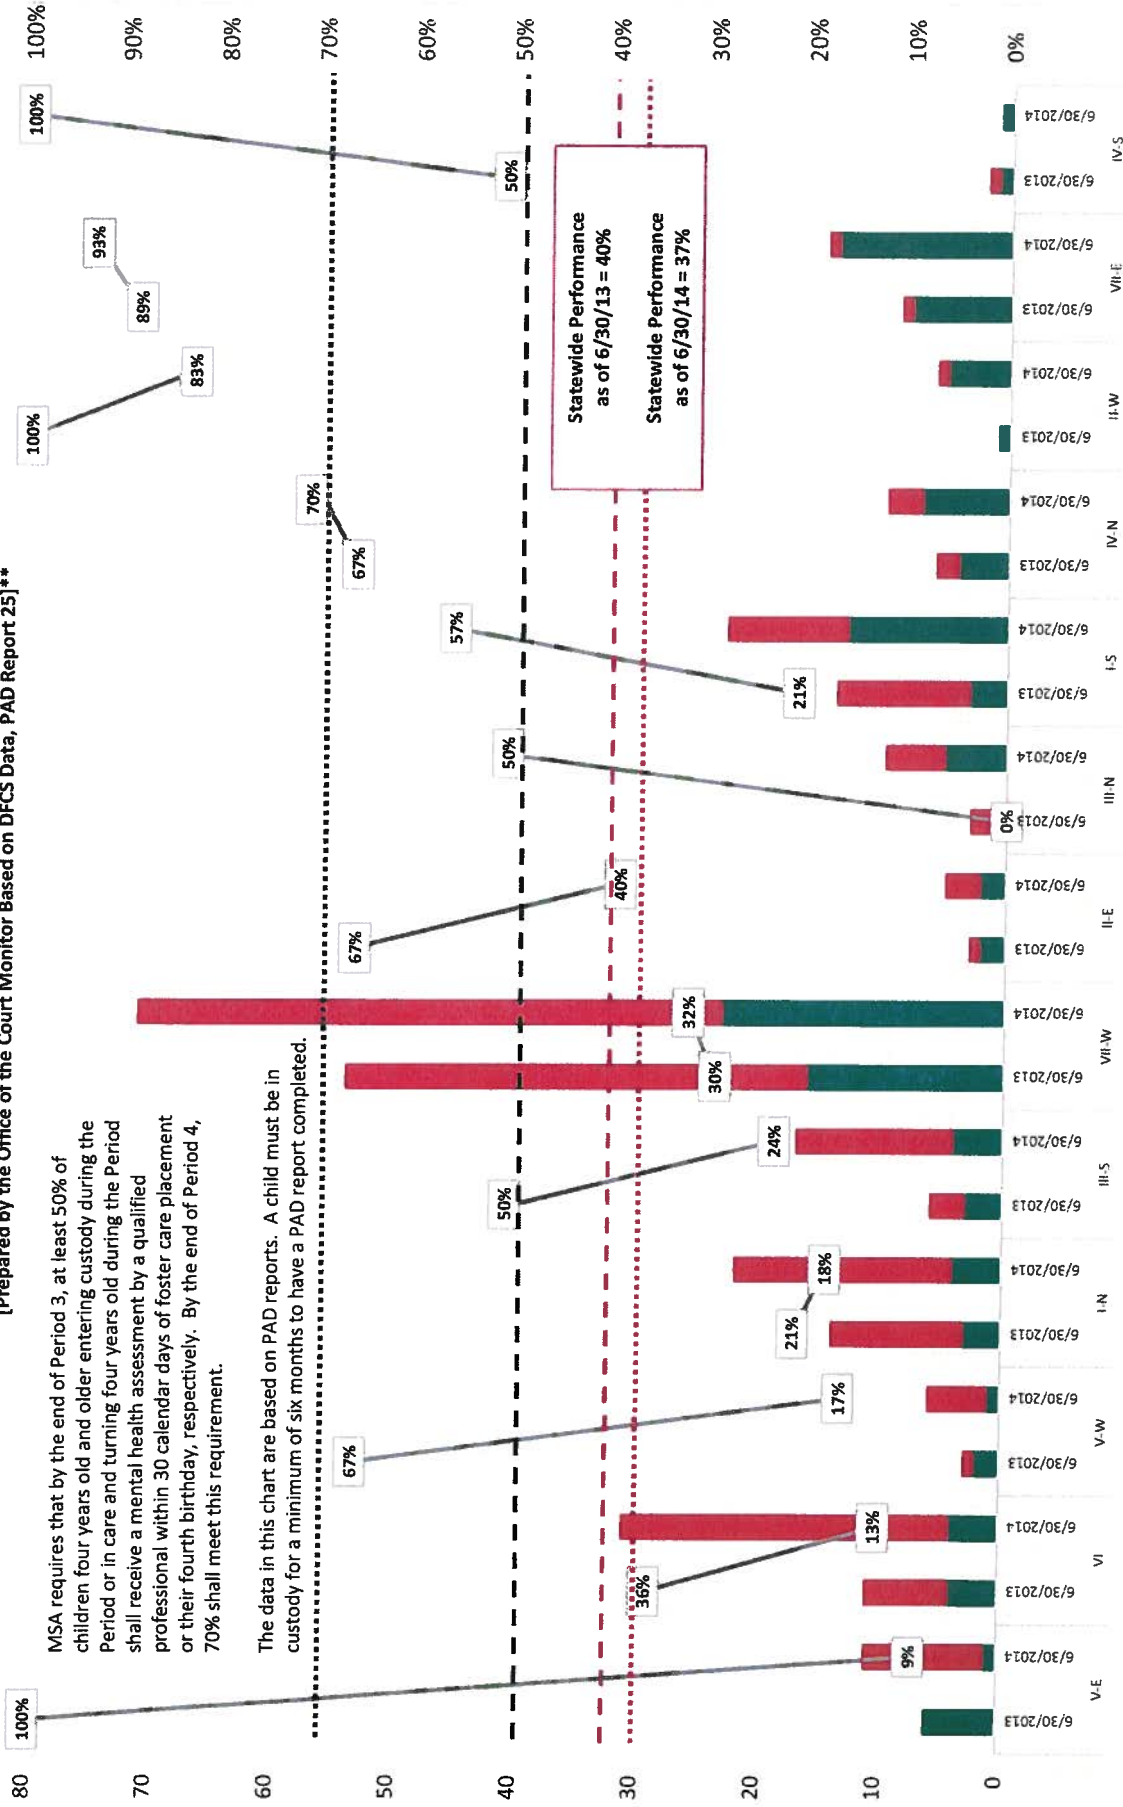

Children Three Years and Older Who Did Not Receive a Dental Exam Within 90 Days of Placement or Their Third Birthday - Number
 Children Three Years and Older Who Received a Dental Exam Within 90 Days of Placement or Their Third Birthday - Number
 Children Three Years and Older Who Received a Dental Exam Within 90 Days of Placement or Their Third Birthday - Percent

Percentage of Children Four Years Old Or Older Entering Custody During The Period Who Received A Mental Health Assessment Within 30 Days Of Placement

By Region, Six-Month Periods Ending 6/30/13 and 6/30/14*
 [Prepared by the Office of the Court Monitor Based on DFCS Data, PAD Report 25]**

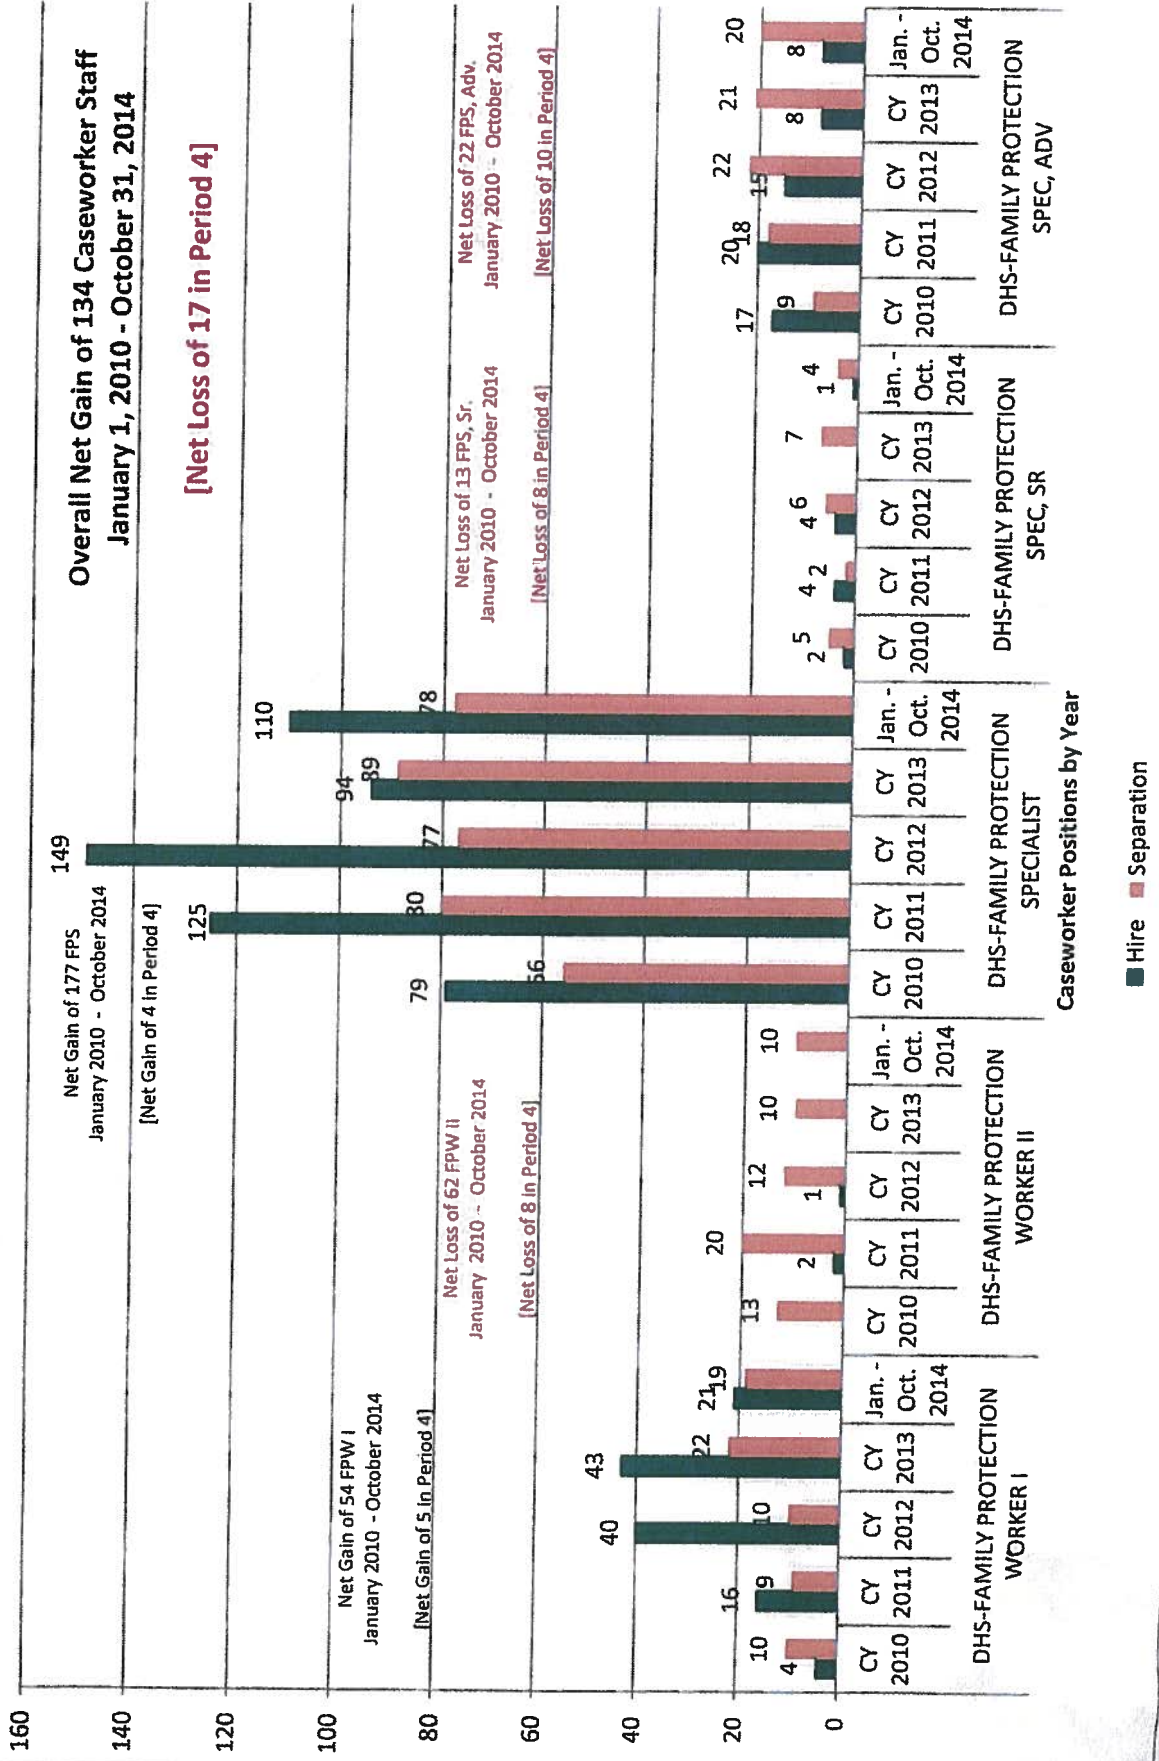

MSA requires that by the end of Period 3, at least 50% of children four years old and older entering custody during the Period or in care and turning four years old during the Period shall receive a mental health assessment by a qualified professional within 30 calendar days of foster care placement or their fourth birthday, respectively. By the end of Period 4, 70% shall meet this requirement.

The data in this chart are based on PAD reports. A child must be in custody for a minimum of six months to have a PAD report completed.

*Relevant to MSA II.B.3.f., page 22, II.B.3.i.6., page 23, and II.B.3.j.6., page 23. Neither PAD Report 25 nor this chart reflect performance related to full requirement.
 **PAD 25 does not include children turning four during period under review.
