Re: Response to Vendor Questions

The following question was submitted in accordance with the instructions included in Sections 3.2.1 and 6.2.1 of RFP 17-002. The question is stated as submitted except to remove reference to a particular Vendor:

Question Number	RFP Reference	Question	MDCPS' Response
1	Section 6.6 page 37	XXXXX will be submitting several consultants for this RFP that have been at the same customer site for more than 15 years working with and under the same manager and programs. Due to this longevity at the same client they would not have any other valid references in order to meet the 2 references. So our question is, can we provide this same type of statement in the response under exceptions in order to comply and list the manager or managers, where applicable, that they have worked with at the one client for over the last 15 plus years knowing it will be the same customer?	The statement is acceptable for an exception response.
