

Responses to Questions per RFP No. 2018EMPLOYLIC001

1. Do you need a child placing license to receive a contract under this RFP?

Agencies submitting proposals for this RFP are required to have a child placing agency license (and residential care license if the agency has a group home). Of course, all licenses should be in good standing.

2. Does the \$45 per diem rate include the foster parent/ relative placement board payment and allowance? If so, what is the board and allowance rate? If not, who's responsible for paying the board payment? Will that be an additional amount passed through our agency or will MDCPS pay the rate directly?

No. The \$45 dollars does not include the foster parent/relative placement board payment. MDCPS will pay the board payment. It will be passed through the agency.
