

Responses to Questions per RFP No. 2018CBCANPS001

Page 70. Exhibit L – Instructions on this form says we are to send to MS Dept. of Finance and Administration. However, when we have done so in the past, we receive a message from MDCPS to send it directly there. Where do we send it? When? If with the proposal, is it to be a part of the proposal or just along with it?

The proposer should complete the form. MDCPS will send to the Mississippi Department of Finance and Administration.

Page 68. Exhibit J – Acknowledgement of Amendment to RFP – Do we need to complete and include this form?

This form is required if MDCPS amends the RFP. Amendment(s), if any, will be posted to this website.

Page 55, 63-66 Exhibits B, E, F, & H – are not included in the list in Section III B. Required Proposal Contents. Are they to be included in the Appendix?

Yes.

Page 25, paragraph 3. Letter from auditor. When we have asked for this letter for previous applications, our auditor has responded: “The AICPA Governmental Audit Quality Center informed us that OHS is aware that an accounting certification such as that required by 45 CFR 1301.13 is not within the professional standards of the program auditors and the certification is no longer being requested. Perhaps your contacts at Family Centered Programs there could share this with the programmatic oversight personnel who are requesting this letter.” Therefore, how can we meet this requirement?

Provide the auditor’s response previously received when information has been requested with your proposal.

Page 29 and Exhibit M (last several pages in the RFP). E-verify. How exactly do we respond to this requirement? Complete signature pages at the end of Exhibit M document? If so, do we include the whole statement, i.e. Exhibit M in the proposal?

Exhibit M is an example intended for illustrative purposes only. Proposer should provide the documentation received upon e-verify registration.

Page 26 & 27. Other required statements & required statements. “Other Required Statements” on page 26 says they are to be included in the appendix. To what does this refer?

“Other Required Statements” refers to statements in Section G, i-xix.

Then are the required statements beginning on page 27 to be included in the proposal as listed (i.e. following Certifications of Compliance and Assurances)?

“Other Required Statements” refers to statements in Section G, i-xix. Required statements should be included as listed (i.e. following Certifications of Compliance and Assurances)

Are letters of support expected in the proposal?

Letters of support are not required; however, letters of collaboration are required.

At the pre-proposal conference, a 20% match requirement was mentioned. Where is that stated in the RFP? If this is required, is dollar or in-kind specified?

A 20% match requirement is not required.
